

SARIX® VALUE 2 MP 5 MP FIXED IP CAMERAS

AN AFFORDABLE, COMPACT AND VERSATILE SECURITY SOLUTION

The Sarix Value Fixed IP camera line delivers an affordable security solution that enables customers to minimize risks and meet regulatory requirements within budget. This entry level fixed IP solution delivers excellent security detail in low-light and no-light settings with True Wide Dynamic Range and adaptive IR illumination. These easy to deploy environmental cameras feature 2 or 5MP resolution, H.265 and H.264 video encoding, Pelco Smart Compression technology, and up to 30 FPS, providing clear images all while keeping storage costs within budget.

BULLET

MINI DOME

TURRET

VARI-FOCAL AND FIXED OPTIONS

A choice of options for flexibility of coverage and price points.

ENVIRONMENTAL AND IMPACT RATED¹

IP66 ingress rating on all models. IK10 impact rating for vandal resistance on dome models.

CAPTURE DETAILS AT HIGH SPEED

In high speed situations, it provides clear details capturing images up to 30 FPS at 2MP and 20 FPS at 5MP.

BASIC VIDEO ANALYTICS

Basic Analytics enhance the camera flexibility and performance. Motion detection and camera tamper detection alert security operators of events that may require further investigation.

TRUE WIDE DYNAMIC RANGE

Captures details in scenes with both very bright and dark areas.

3-YEAR WARRANTY

Pelco stands behind the quality of this product with a 3-year industry-leading warranty.

H.264 AND H.265 WITH PELCO SMART COMPRESSION TECHNOLOGY

Retains image quality and critical information while reducing storage and bandwidth requirements up to 70% for lower cost of ownership.

BUILT-IN IR UP TO 30M

In very dark environments and even with no light, the built-in adaptive IR illumination provides security detail up to 30M, even as objects approach the camera.

LOW LIGHT SENSITIVITY

Offers excellent image detail in low-light settings.

ONVIF® COMPLIANT

Native ONVIF Profile S, T and G compliance allows easy connectivity with major Video Management Systems

¹ IK10 rating only available on IMV and IJV Series Cameras.
