SL 1600

MOTOTRBO™ SL1600 Ultra-Slim Two-Way Radio VHF Model

SL1600 Simple and reliable communication for the mobile, everyday user. With a slim, easy-to-use design, the SL1600 has the latest technology for optimum performance when you need it.

MOTOTRBO™ SL1600 provides reliable push-to-talk communication for the mobile, everyday user in an ultra-slim and rugged profile. Whether you're working in the field or at a black-tie event, the SL1600 is boldly designed to keep you efficiently connected.

Measuring only 22mm thick, the SL1600 is ultra-portable. A stubby antenna, curved edges and rugged frame make the SL1600 the perfect work partner. It can be easily carried in pockets or bags without snagging or bulging.

Designed for easy and intuitive use, the SL1600 has a side volume control, dedicated power button, prominent push-to-talk button, and top toggle channel switch to enable quick one-hand access. Channel "fast toggle" allows users to scroll through 10 channels at a time.

The SL1600 is outfitted with the latest technology for performance and ease of use. The shatterproof Active View display uses a matrix of LEDs behind the radio housing to communicate radio information and shuts off when not in use to conserve battery life. The SL1600 features Range Max technology: an advanced radio design and patented antenna which delivers enhanced range while maintaining a slim profile and long battery life.

The SL1600 is built to last. IP54 rated for dust and water resistance, it can be used even in harsh environments. This radio can survive many drops and tumbles. It has also been proven tough in Motorola's grueling Accelerated Life Test, where the radio is tested against a simulated 5 years of hard service before it is accepted.

Model No	Technical Description
MDH88JCP9JA2AN	SL1600 VHF DISPLAY PTO302D ROHS: N/A CE: Yes Country of Origin: MY

PRODUCT DETAILS

Band Split	VHF
Display & Keypad Type	Display,No Keypad
Encryption Type	Basic Privacy
Enhanced Radio Features	
Intrinsically Safe	No
IP Rating	IP54
# of Channels	99

Power	3W
Standard Package Includes:	1 x Radio,Battery,Charger,Antenna,Carry Holster
System Compatability	Analog Conventional,Digital Conventional, IP Site Connect (optional)
Type	Portable
